He also stated that he had dated her several times, and that nothing had really come out of the dating, just a friendly going out together. He also stated that he knew KNEWETH also from the home, and that KINNETH had left the home in September of 1981. He also stated that he did not believ that JIIL had gotten in a car with anybody and left, being that she did not trust anybody, and would not get into anybody's car unless she knew tham. ADKINSON also stated that he knew that FFANKS was involved in drugs, and took speed and smoked a lot of grass. He stated that FFANKS got most of his contraband from black kids at Waco High. He also stated that FRANKS had been released from the home for sexually harassing girls in the Methodist Home. He further stated that JIIL did not like drugs. However, she drank some, but not much at that. I did ask ADKIDISON if he knew KEN FRANKS real well, and asked if he could defend himself if he had to. ADKINSON said that he knew KEN knew a little karate, enought to defend himself, being that he had told him at the home that he had learned the karate from his father, who had been in the service previously.

ADKINSON said that he saw KEN approximately two weeks ago, on Valley Mills Drive, and he had seen JILL approximately three months ago, at the Mathodist Home. He stated that KEN FRANKS had a habit of grass, anywhere from \$80.00 to \$150.00 a week. That they were paying anywhere from 11. Unfounded Suspended 12.
